

WHAT IS VOLKSSPORTING ?

Volkssporting is an exciting new concept in the United States that is an integral part of an international volkssporting movement devoted to physical fitness. These sports, walking, swimming, bicycling, snowshoeing, skating (roller and ice), and cross-country skiing are commonly referred to as volksmarches, volksswims, etc. Their aim is to get people of all ages out-of-doors to exercise non-competitively in events where everyone who completes the event is declared a WINNER !! "Volkssport" is a German word which literally translated means "people's" or "popular" sports. Swimming events are usually held in a pool, and consist of 300 meters of lap swimming. Usually non-swimmers can participate. Cross-country skiing and volksmarching are over a course of at least 10 km (6.2 miles) and snowshoeing over a course at least 8 km. The bike event route covers a distance of at least 25 km. Roller skating events may be called "volksrolls" or "volksskates" and ice skating events may also be called "volksskates". They cover a distance of at least 10 km. Trails are through scenic or historic areas and are well marked. The markings could be on the ground, attached to trees, lampposts, or street signs, but always in conspicuous places. Maps, signs and streamers may be used to mark the trail. You are encouraged to proceed at your own pace, but to reap the benefits of aerobic exercise, you should set a brisk and steady pace. Be sure to consult a physician if you have any medical problem which affects your heart, lungs, feet or legs.
