CHECKPOINT ✓

David Bonewitz, PhD—AVA National President

In the last issue of TAW, I wrote about the "free walker" issue and asked if anyone could share with me the history of how we arrived where we are today with regard to "free walkers."

The following is from an e-mail sent from former AVA President, Heinz Johnson.

"The volkssport program here in the United States was based on the policies and procedures of the German Federation (Deutscher Volkssportverband e.V.), the largest country organization in the IVV (International Federation of Popular Sports). In essence, it was the IVV!

Using the template of the DVV, a FREE walker category was established here. Its purpose: to entice new walkers to take part in the IVV Achievement Awards Program and purchase IVV Record Books after taking part in a few events. Most people who "try" volkssporting do so at the invitation of a friend. In the "early days" there was limited information about IVV Record Books and as a result many people walked several times before purchasing "books" and getting involved in the awards program. As a personal reference, I was one of those people. The FREE walker category was never intended to be open ended for anyone although there was never any written policy to substantiate it. However, it became a staple for some people and they never bought record books.

The introduction of volksmarches in the 1980s drew many, many participants and the numbers easily reached 1,000 participants or more at volksmarches. Thus, many dollars flowed into a club's treasury and

the national headquarters. The FREE walker category had a minor impact on event revenue. However, event participation throughout the country has been dropping significantly during the past decade or so and this is having a major impact on club solvency as well as the national headquarters. . . .

During my stint as Director, Southwest Region (2007-2011), we began to eliminate the FREE walker category in Texas because it was impacting club solvency, particularly for the smaller clubs. It was believed that the \$3 participation fee was something affordable for anyone wanting to take part in a Volkssport event especially when this is compared to the fee for road races which was many times that amount. Also, the volkssporters who continuously claimed the FREE category were not contributing to the cost of operating an event. Most participants understood the need to levy a fee on all walkers and they have paid a fee without a squabble. . . . The bottom line: There are expenses required to conduct an event and event fees are the only source to pay for them. They require support from ALL walkers not just one or two categories of walkers.

Again, the FREE walker category was intended to entice walkers to buy record books after taking part in a few events. It was never intended to be open ended for anyone."

Thanks to Heinz for sharing this. So, there it is---the historic intent of the "free walker" option. As Heinz says, during the boom days it didn't make much of a difference, but today that loss of income is significant. It is clear that something needs to change.

2019 Convention News - 5 Months to Opening!

Yes we are open for preregistration.

This is AVA’s first time conducting the registration site and it will be using this one as their prototype.

As you read through the registration site, please encourage all your club members to have even more fun by **volunteering** just 1,2, etc. hours of their time at convention. It is a great way to meet others and giving back to the sport we love.

Silent Auction is eagerly waiting for your donations and raffle items to arrive. Fill out the Silent Auction form found on walkescv.org and include it with your item. It is exciting to watch your item’s bidding climb throughout the convention days.

Be sure to read the **Frequently Asked Questions** before going to registration. There is a lot of useful information here. But, if your question isn’t there, send it to convention@ava.org

One big favor...we are looking for ideas for our table decorations at the Friday dinner. We’d like to have an awards theme since this is the 1st AVA Walk of Fame Awards Evening. Please send all ideas to convention@ava.org

Your Convention Committee Chairs are busy now procuring required permits for the walk sites, devising signage, and finalizing AV needs at the hotel.

Special Programs—Bonnie Johnson, Chair

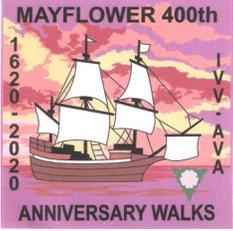

2020 Special Programs

An AVA National Executive Council meeting was held in Tucson, Arizona January 11 – 13 at which time three new Special Programs were presented and proposed for approval. These programs would start on January 1, 2020 with book sales through December 31, 2022 and redemption of completed books through December 31, 2023. The three proposed Special Programs were approved and books will be available from the club POC by approximately May 1. A taste of what is to come includes:

“Airports” - submitted by the Seneca Valley Sugarloafers. Reminisce as you walk by an Airport. Qualifications for this program are to participate in 12 different AVA sanctioned walks (different year = different walk) that go by Airports. The walk must be near enough to see airport operations by using a perimeter pathway of an airport, go to a designated viewing area of the airport, or walk on a trail in close viewing proximity to the airfield and runways. Community Airports, National and International Airports, and Military Airfields do count but not Helipads or Heliports.

“Mayflower 400th Anniversary Walks” - submitted by Twin State Volkssport Association. Qualify by walking 12 different AVA sanctioned walks in Plymouth, MA along Cape Cod and in towns where the Pilgrims walked. Qualifiers also include dozens of surnames of Mayflower passengers and those important in the pilgrim story including Native Americans. Examples include any Bradford Street or White Street on an AVA walk will qualify. Mayflower moving vans and Plymouth cars do not qualify unless they are on permanent exhibit or the word is on a sign or building.

“Rockin’ Around the Clock” - submitted by Maumee Valley Volkssporters. Qualify by walking 24 different AVA sanctioned events that include a public clock, clock & repair shop or clock museum. Only one use of the IVV Stamp is allowed for each qualifier per year.. Public clocks are usually large outdoor clocks in public places, i.e. town squares or on buildings. They appear in a variety of styles, such as: stand-alone or pole-mounted, wall mounted on a building facade, and/or clock tower.

More information on the Special Programs will be provided in the next TAW issue with a submission by each POC. I would personally like to thank each of the clubs and POC’s for their Special Program proposals. It takes a lot of hard work and time to set up these programs. Please help make them successful by including any or all of them which pertain to your walks. They do indeed bring more walkers to your area. Thank you in advance for participating in the Special Programs by either sponsoring, applying them to your walk or by buying the books and walking.

AVA Awards Program—Suzi Glass, Chair

Honor Your Volunteers by March 1

There are 3 ways to recognize those who support your club:

Certificate of Appreciation for “individuals, organizations or businesses for service to AVA on a regional, state or club level” – perfect for those places that house walk start points and/or POC’s for events.

Commendable Service Awards for “individuals who have given a significant amount of service regardless of the amount of time they have been a member” can recognize club officers, organizers and specialists (newsletter editors, etc.).

Meritorious Service Awards are for those who have received the Commendable Service Award and “given at last five years of outstanding service to the AVA”.

Anyone can nominate candidates by filling in AVA Form 303 (AVA website, “Clubs Only” tab, AVA Club Forms) and sending it to your RD.

Nominations must be completed by March 1 to be included in the 2019 Biennial Convention Recognition Award Booklet.

Northeast Regional Director—Chris Mellen

CONVENTION TIME APPROACHING

We are a short four months away from convention in June. As your club meets before June think about how your club and State Association can assist with the volunteers who have been meeting each month in New York and those clubs preparing pre and post convention walks. Registration is open on the AVA Website. There is a call for the Silent Auction, Volunteer for an hour or two, and many other tasks are needed to enjoy a fun filled convention. Let's not forget to stock the walk boxes for those travelling to and from convention. All conventions are accomplished by the many hands of AVA Nation, us. The ultimate success belongs with each of us as a volunteer organization.

Convention Silent Auction Committee—Sue Grey, Co-Chair

We are enjoying preparing for our silent auction. We have received some wonderful donations-waiting to hear from you. Our Albany/AVA Convention website is easy to use to make your S.A. donation. Go to <http://www.walkescv.org/ava2019convention/welcome.html> click on the blue Silent Auction button. A clear explanation on how to donate is at this site.

VOTING AT 2019 CONVENTION

When voting on issues or candidates at past conventions, there has always been an awkward delay as voting cards were counted. The awkwardness came as multiple voting cards had to be counted. It is expected that this awkwardness will be a thing of the past at the upcoming convention in New York. Electronic voting devices will be provided for each vote carried. For those carrying more than two proxies/delegate votes, space will be provided to manage multiple voting devices.

The devices were tried and tested at the January 2019 NEC Meeting in Tucson. It looks like electronic voting will work for us. At the beginning of the business session, the President will conduct a trial run so that delegates/proxies will be familiar with the devices. Instant results are expected. In the picture, the issue is for demonstration only. The issue shown is not a real issue.

The American Volkssport Association has had electronic registration for the past two conventions. Now we will have electronic voting. We are moving into the 21st Century!

Strolling Afloat!

In June 2018 the AVA Board approved a change in policy to allow events on cruise ships that originate in US waters (Policy Manual, Para 4.06.II.D). Following our basic rules, cruise events of up to seven consecutive days can be sanctioned as Traditional Events and longer cruises would be sanctioned as Seasonal Events. If you are considering a cruise in the near future you might want to check on the availability of a suitable onboard walking track to help stay active while enjoying the luxury of your cruise experience. Events can be sanctioned through your local club or work with your Regional Director to find a way to make it happen. Having walked with over 100 participants on a cruise to Alaska last summer we found a walking incentive really helped and gave us a chance to engage other passengers in conversation about America's Walking Club. To manage costs for small groups you can always request Per Participant Sanction Fee. Have fun walking on water!

Walkbox Followup

Last month we published some tips on things to look at as you reset your walkboxes for 2019 and in doing so we have received some good feedback. First, we've reviewed our annual topic schedule and will be sure to have information a month earlier on time sensitive topics to allow more time for implementation. Second, we listed Incident Report Forms and Liability Insurance Certificates as items to have in the walkbox. To be clear, these are not required by policy to be in your walkboxes and the liability certificate should not be included. Both forms are readily available on the AVA website under Club Forms and can be easily accessed by smart phones, computers, etc. What is important to have in your walkbox and walk directions is contact information for emergency services and the club point of contact for the walkbox. Finally, as we work on updating the Trailmaster's Guide we'll spend some time and energy developing an outline of an ideal walkbox that will list the essential items and those practices we learn from all clubs that can make walkboxes exceptional. Thanks to all who took time to read our article and provide feedback to improve our message.

Talking About the V Word - AVA’s National Publicity and Marketing Campaign Update

We’ve all had conversations about the V word—volksporting. We’re either trying to explain the V in AVA or the sport we’re so passionate about.

As America’s Walking Club, we have a great product. You don’t have to convince people that fun, fitness and friendship are worthwhile, yet most of us are struggling to maintain membership, much less grow it. In many ways, we’re still the best kept secret of American fitness, and it’s time to increase our visibility.

In 2018, AVA took some significant steps toward that goal. A six-person publicity committee was established, and they worked diligently to define our organization’s needs and goals. The result of that effort was a request for proposals to find a publicity firm that can help us address those needs and achieve those goals. The RFP was issued in August. The committee received seven proposals and unanimously decided on MassMedia, LLC from Henderson, Nevada.

Publicity Committee member, Kathryn King and Mass Media consultants, Casey Floyd, Ashleigh Fehmie, and Chelsea Chavez, brief the AVA Board of Directors.

WANTED

**The AVA Publicity Committee
Wants Your Marketing Tools!**

In effort to improve how we can better brand and market the AVA, our marketing firm is requesting copies of any promotional materials you would like to share with us. This includes brochures, videos, flyers, logos, pictures, newsletters and social media pages.

To upload/deposit your files go to the AVA Website and click on the AVA “Club Marketing Tools” Dropbox button/icon.

REWARD

Several factors distinguished MassMedia from the competition. From the creativity of a pair of signed hiking shoes included with their proposal to visiting the AVA’s Las Vegas High Rollers and Strollers club in Las Vegas and creating a video with man-on-the-street interviews about AVA, it was clear that they understood our organization and what we offer the fitness community and aligned with our mission.

We do have a lot to offer the fitness community—safe and well-planned walks, friendly people with whom to walk and a low-cost incentive program. For the price of a typical 5K race, walkers could complete 10 of our walks and likely learn something in the process. It’s time to take that value to a larger audience, and we’re looking forward to working with MassMedia to develop the communications and marketing tools that clubs can build on to take AVA into the future.

The committee is currently working to refine the contract and deliverables, and an update will be available at the national convention in June. In the interim, if you have any questions or suggestions, please email publicity@ava.org.
